RE Monday 2nd November

Read the information below about the oil, white garment and candle used in the sacrament of Baptism:

Oil of Chrism

Athletes often use oil to massage their muscles and make them strong. Sometimes people use perfumed oil to moisturise their skin. Oil has healing properties. When someone becomes a king or a queen they are anointed with oil to show they are royal and that they promise to serve God and the people they rule. After the Baptism in water the priest anoints the baby with the oil of Chrism. That is special oil blessed by the Bishop during Holy Week. The oil is a symbol that the baby has the gift of the Holy Spirit and has been made holy, a special friend of Jesus who is king.

White Garment

At this point the parents wrap a white garment around the baby.

The priest/deacon explains that the white garment is a symbol that the baby is now a Christian and that with the help of family and friends will grow up to be like Jesus.

The Baptismal Candle

Towards the end of the ceremony of Baptism the parent of the child then lights a candle from the Easter Candle (see picture on page 35). The priest says, "Receive the light of Christ."

The priest tells the parents that they have been entrusted with this light of Christ so they will help their child follow the light of Christ, so they will always have the flame of faith alive in their hearts.

Finally, everyone prays the Our Father; the family prayer of the Church. This is a sign that the baby is a new member of the family of Jesus.

Look at the pictures on the next page and discuss what is happening. Then find the matching description for each picture.
